## FOR IMMEDIATE RELEASE

### **Savvy Media Management Announces Strategic Partnership to Help Hospitality Clients Recover Overpaid FICA Tip Taxes**

BOCA RATON, FL — January 5, 2026 — Savvy Media Management, a division of Savvy Capital Management, LLC, announced today a strategic marketing partnership with Black Swan Business Advisors, LLC of Phoenix, Arizona. The partnership is designed to help hospitality industry clients recover significant overpaid taxes through the FICA Tip Credit program.

Under the agreement, hospitality business owners—including restaurants, bars, and hotels—will gain access to specialized consulting to identify and reclaim eligible tax credits. All technical refund and recovery services will be facilitated by Legacy Tax & Resolution Services, a firm recognized for its expertise in tax controversy and resolution.

“The hospitality sector has faced unprecedented challenges in recent years, and many owners are unaware they are leaving significant capital unclaimed through the FICA Tip Credit,” said Geoffrey Lopes da Silva of Savvy Capital Management. “By partnering with Black Swan and leveraging the technical expertise of Legacy Tax & Resolution Services, we are providing a turnkey solution to help clients strengthen their balance sheets and recover what is rightfully theirs.”

The FICA Tip Credit (Internal Revenue Code Section 45B) allows hospitality employers to claim a credit for Social Security and Medicare taxes paid on certain employee tips. Due to the program’s complexity, many businesses under-claim the credit. This partnership ensures hospitality operators receive rigorous documentation support and professional filing assistance to maximize recoveries.
